Extra Credit-Option 2 (Teen Pregnancy Statistics)

DIRECTIONS

- 1) Research the current statistics of teen pregnancy in our nation.
- 2) On a separate sheet of paper, type a 2 page paper (12 point font, double spaced) summarizing the information you've found. DO NOT JUST COPY AND PASTE THE STATISTICS YOU FIND. This is called **plagiarism**, and it's illegal. Cite the information that you gather. Summarize what you find in your own words.
- 3) Create a Works Cited page with the websites you found the information on. Attach this to your final paper. No points will be given unless there is a Works Cited Page

RUBRIC

_____/5	Works Cited Page has credible sources.		
_____/10	Paper is a full 2 pages (typed), 12 point font, double spaced. Paper is not an exact relay of the statistics found, but rather the author's summary in their own words. Include your feelings on the matter. Were you shocked by the amount of teen pregnancies that happen in a year? What are some ways we can get these numbers decreased?		
			TOTAL POINTS: _____/15
